

## Coen® Steam Solutions

### Complete Steam-Generation Systems

#### A Better Process For A Better Experience

From the earliest planning stages through startup, Coen Steam Solutions can manage your entire steam-generation design. With Coen Steam Solutions, you'll get the convenience of one seamless process from start to finish, including:

- + Engineering
- + Commissioning
- + Equipment
- + Service
- + Rentals
- + Air Source Testing
- + Installation
- + Emissions Monitoring

#### Proven Expertise From Industry Leaders

Coen is a leader in ultra low-NOx emissions burners and complex fuel applications. Leveraging our specialized, in-house capabilities, Coen provides complete steam solution packages centered around combustion and designed to optimize overall system efficiency.

We are excited to team with Babcock & Wilcox (B&W) for system design optimization and boilers for our complete steam-generation systems. With more than 150 years of experience, B&W has supplied more than 5,000 industrial steam generation systems around the globe.
